Executive Biography

Philipp Jung

SVP and Global Head of Customer Success,
3D Printing and Digital Manufacturing
HP Inc.

Philipp Jung is a senior executive with over 20 years of consulting and industry experience in North America, Europe and Asia. He is currently the Senior Vice President & Global Head of Customer Success for the 3D Printing & Digital Manufacturing business where he is responsible for driving the adoption of HP's additive manufacturing technology, Multi Jet Fusion (MJF), and leading its product marketing, vertical market development, customer service, alliance and sustainability organizations.

Prior to his current role, he was HP's Chief Strategy Officer and led the Strategy team of the Separation Management Office, developing the new company's operating model, target P&L and overall strategy. Philipp joined HP in 2013 from global management consulting firm The Boston Consulting Group (BCG) where he led the semiconductor sector globally and its West Coast technology and media practice as a Partner & Managing Director, serving multi-national and mid-sized clients across the technology industry ecosystem. He started his consulting career in the Silicon Valley office of A.T. Kearney, Inc., acquiring, designing, and delivering large-scale go-to-market and operations transformation programs for technology companies.

A native of Germany, Philipp earned B.S., M.S. degrees with honors ("summa cum laude") in engineering/economics from Karlsruhe University. He also received an MBA from UC Berkeley's Haas School of Business and is a member of the Beta Gamma Sigma honor society as well as the Friedrich-Naumann Foundation.

Philipp is based in Palo Alto, California.
