

Executive Biography

Kami Saidi

Head of Supply Chain Latin America
HP Inc.

Kami Saidi serves as HP's Head of Supply Chain for Latin America responsible for manufacturing and supply chain operations throughout the region.

Prior to his current role, Saidi served in multiple leadership including the Printing and Personal Systems Manufacturing & Supply Chain Operations for Brazil & and the South America region. Since 2004 he has led the HP Brazil Environmental Sustainability strategy with a focus on regulations compliance, market access and customer requirements. The current operations are operating under Zero Waste and Circular Economy adoption, becoming a global reference for Closed loop Operations at HP.

Prior to HP, Saidi held positions of leadership in the areas of Product Development, Engineering, Production and Sales Operations.

He holds two MBAs from the University of São Paulo in International Trade and Retail Management and a post graduate degree with specialization in Marketing Management. He also participated in Senior Executive Development Program at IMD Switzerland and Global Operations at Insead France.

He is fluent in English, Portuguese, Spanish and Persian.
